

eco2 cottonTM

Regenerated cotton
yarns and fibers.

www.eco2cotton.com

Environmental Benefits:

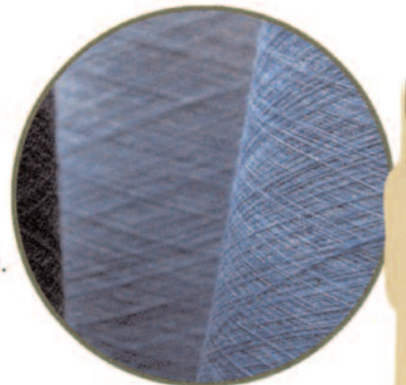

Reduces
incinerator and
landfill use, by
reprocessing
pre-consumer
textile waste.

Our cotton
fibers require
no new dyeing,
saving water
and adding
no pollutants.

No land use, no
water intensive
irrigation,
no fertilizers or
pesticides as used
in growing new
cotton.

Simplified
manufacturing
process
reduces energy
and resource use.
